

HAMILTON MEDICAL LEGAL SOCIETY

The Hamilton Medical Legal Society presents a new virtual multi-part Educational Series:

**PART 1: Understanding Functional Neurological Disorder (FND)**

**Presented by Dr. Miles Byworth, MD. FRCPC,  
Neurologist and Assistant Professor, McMaster University**

**What is FND?**

Functional Neurological Disorder is a condition at the intersection of neurology and mental health – where symptoms are real, but not caused by a typical structural disorder. Join us to learn about the diagnosis, symptoms, treatment, and the latest research.

**Topics include:**

- What is FND and how is it diagnosed
- Common Symptoms (i.e., seizures, weakness, movement disorders)
- Differences from other neurologic conditions
- Current treatment options

**Date:** Friday September 26, 2025

**Time:** 12:00 PM – 1:00 PM

**Location:** Virtual – Zoom Link Provided Upon Registration (access available both live and recorded for viewing to all registrants at their own leisure)

**Cost:** \$35 (members) or \$50 (non-members) or \$175 (group rate with up to 10 participant links provided – best value for law firms and multi-clinician practices!!)

*\*Please stay tuned for information on Parts 2 (Psychological Management of FND) and 3 (Managing Litigation Files for FND) coming later this fall/early winter 2026\**

**Please complete and return by September 19, 2025 to:**
